SEASON'S GREETINGS

IRRIGATION ASSOCIATION OF INDIA

Hon'ble Prime Minister Message

I am very happy to know that the **Irrigation Association of India (IAI)** is publishing the first Edition IAI Irrigation Directory- 2020.

It is important to popularize the new irrigation techniques and designs for the better utilization of water resources in the country.

I hope the irrigation directory would be handy to All the stakeholders of this sector. My best wishes to all the members of the association.

(Narendra Modi)

MESSAGE

It gives me immense pleasure to know that Irrigation Association of India, a non-profitable organisation and representing the Micro Irrigation in India, is playing an important role in catalysing growth of the Micro Irrigation Industry in India. Micro Irrigation is an essential technological intervention for saving and conserving water, electricity and fertilizers.

I am happy to know that the Irrigation Association of India is going to compile & publish the 2nd Edition of its Directory.

I have been told the Directory based on authentic data will be highly useful for all the farmers, Agricultural Industry, Manufacturing Industries, Institutions, Government Departments, Market Research Agencies, Consumer Bodies, Institutes, Colleges & Universities. It shall, undoubtedly, be an asset for any Library across the world.

I convey my best wishes for the successful publication of the 2nd Edition of the Directory of the Irrigation Association of India.

MESSAGE

First & foremost, I would like to congratulate the Irrigation Association of India for the remarkable efforts undertaken by them to bring a large resource pool to a common platform and compile a Directory on agricultural irrigation related products & services.

I am sure the IAI Irrigation Directory 2020 will not only help the agriculturists of the country in making informed choice but would also be highly useful for the nodal agencies of the government involved in planning various government schemes intended to benefit farmers. I am also sure that universities, institutes, students etc. engaged in research and development project for optimization of resources in the field of agriculture and horticulture would use this Directory as an effective reference tool to supplement their efforts.

National Mission for Sustainable Agriculture and Mission for Integrated Development of Horticulture strive to promote modern technology, especially Micro Irrigation, to improve productivity throughout the Indian horticultural space and any effort which helps the propagation and adaptation of technological innovations in irrigation is worthy of our support.

I once again congratulate you for this stupendous effort.

Message

Water use efficiency may enhance by suitable crop selection, effective irrigation technique, proper irrigation scheduling and efficient water application tools such as micro irrigation. Micro irrigation is an identified intervention for saving & conserving water, energy and fertilizers and to increase yield. The major components of micro-irrigation system for which Irrigation Association of India deals with wide range of products pumping devices (motor and pump), ball valves, irrigation equipments, filters, control valves and PVC joining accessories (main and sub-main) and emitters. Irrigation Association of India is appreciably playing an important role in increasing the water use efficiency and further boosting the growth of micro irrigation in the country.

I am happy to know that Irrigation Association of India will publish second edition of Directory for the benefit of members and stakeholders which will serve as purpose of ready reckoner for the irrigation sector.

(Suresh K. Malhotra)

Message From President **Irrigation Association of India**

Our Hon'ble Prime Minister's clarion call & thrust to enhance Micro Irrigation in India to improve agriculture yield and water use efficiency have been well received. There are over 300 MI system manufacturing companies in India now registered with various states governments, working to improve the farmers income.

I am appreciative of the splendid effort of IAI Secretariat to collate the information of all these MI system manufacturing companies in India and to publish it in the form of a Directory. While this Directory will help MI companies to showcase their product offerings, the farmers shall now be able to gain access to a wide range of organizations as well as variety of product and services to choose from, while making their purchase decision.

The Directory shall, in addition, also fulfill the information needs of diverse segments encompassing students, research scholars, libraries, government functionaries, nodal agencies, and foreign mission and trade offices in India and is expected to lead to greater interaction between the producers and policy makers.

The research studies indicate that potential of Micro Irrigation in India is over 70 Million hectare. Having reached the penetration level of only 15 percent of the potential so far, there is large scope & great responsibility ahead for all the MI companies to demonstrate their camaraderie to achieve leapfrogging growth to take Indian Agriculture to a greater height as compared to other Nations world over.

Shrikant Goenka
President

Message From Hon. Secretary Irrigation Association of India

Greetings,

The main object of Irrigation Association of India, an apex body of Micro Irrigation System manufacturers in the country is to promote Micro Irrigation technology and bring all manufacturers on a common platform. IAI has been recognised by central and state Governments as a representative body of Micro Irrigation Industry. IAI is playing a crucial role in formulation of government policies and its implementation on Micro Irrigation both at centre & state level.

It is heartening to note that wherever IAI has a strong state chapter, there is close co-ordination between the government departments and the industry. A strong state chapter can play a decisive role at state level in promoting & implementation of Micro Irrigation Scheme in a transparent manner, benefiting all the stake holders. Hence it is necessary to enrol more manufacturer as IAI members and strengthen the organisation both at state as well as national level for the growth of Micro Irrigation Industry.

IAI brought out the first edition of directory during 2014 which was a good initiative. Since then many new Micro Irrigation Companies have come into existence and it is appropriate to upgrade the directory and the data base by enlisting the support of all manufacturers by bringing them into IAI fold. With this in view the effort of IAI in bringing out 2nd edition is laudable.

I wish the 2nd edition of IAI with the support of office bearers, executive committee members & most importantly IAI members will come out as a good document. I Hope the directory will cover useful information of all the manufacturers and other important information on Micro Irrigation in the Country. The directory can be a reference book for central & state government officials, manufacturers & the people connected with Micro Irrigation.

I take this opportunity to thank all concerned for their support in bring out the directory.

**M.S. MRUTHYUNJAY
Hon. Secretary**

Message From Director General Irrigation Association of India

Irrigation Association of India (IAI) is the association of Micro Irrigation System manufacturing industry of India. It is not for profit, non-government, Industry lead and Industry managed organization across India working towards the successful implementation of Prime Ministers vision of '**Per Drop More Crop**' and '**Har Khet ko Pani**'.

My heartiest congratulations to all the stakeholders for their support in bringing out this extremely useful publication, by collating a large resource pool of Micro Irrigation system Manufacturers mostly MSME's across India to a common platform and compile a **IAI Directory 2020** on Micro Irrigation & agricultural irrigation related products & services

Owing to the importance of Micro Irrigation our **Hon'ble Prime Minister set the goal to cover 1 Crore Ha** (which is mentioned in the **vision document, Sankalp Patra and India @ 75**) under '**Per Drop More Crop**' in five year, which in other words **means 20L Ha per year**.

This publication is a move in the right direction since it is expected to be a bridge between the farmers and manufacturers and other stakeholders of agricultural micro irrigation products & services. The information incorporated in the directory shall be leveraged by Irrigation sector stakeholders, Policy makers, Govt. Officials, various Institutions, Agriculturists, Agencies implementing various Government Schemes, Farmer bodies, FPOs and SHGs, Scientists, Researchers and students in their efforts to improve water use efficiency in agriculture across India and abroad with a very wide circulation among all the above stakeholders and many more.

As a Director General of Irrigation Association of India, I would like to extend my thanks to all our Executive Committee members and advertisers along with all the IAI members for their contributions and wholehearted support in publishing "IAI Directory 2020" which will help in the growth of the Micro irrigation Sector in India.

My best wishes to all the stakeholders of IAI directory once again. Regards

**Gajendra Verma,
Director General**

Few Glimpses from IAI Activities

National Conference on Micro irrigation held on 14th November 2019 Chairperson IAI President, Mr. Shrikant Goenka.

On 26th Aug 2019, IAI had a detailed discussion with Govt of UP official on the development of PMKSY and development of Online Portal interface in the State.

National Workshop on Sugarcane Challenges & Future Strategies for Doubling Farmer Income in Lucknow dated 14.11.2019

IAI gave farewell to Mr. Pralhad Pokale, Director of Horticulture, on his retirement at AATMA Auditorium Hall, Sakhar Sankul, Department of Agriculture, Pune, Maharashtra dated 28th Nov 2019

Few Glimpes from IAI Activities

IAI delegation met Joint Secretary, Mrs. Shubha Thakur, IAS and Mr. B V N Rao, Joint Commissioner, regarding statewise issues faced by IAI members specially in Chhattisgarh dated 18 Oct 2019.

Round Table consultation by Ministry of Finance on Pre-Budget Recommendation with the Representatives of Leading Agriculture & Agro Processing Sectors. Mr. Randhir Chauhan, IAI Past President puts forward Micro Irrigation sectors recommendation.

Shri Primal Oswal, Past President of IAI submitted Irrigation Associations's recommendation for Haryana budgetary session at Hissar Agriculture University, Hissar

IAI supporting and participating in FICCI organized “National Summit on Sustainable Water Use & Management in Agriculture”.

Few Glimpes from IAI Activities

1) Webinar on “Use of Micro-irrigation for Enhanced Water Use Efficiency ” Date: 17.8.2020 at 4.30 P.M, Krishi Bhawan, New Delhi.

DAC & FW, MOA organized a webinar under the chairpersonship of Dr. Alka Bhargava, Additional Secretary, DAC & FW. About 80 participants from various organisations and implementing States joined the Webinar. Shri Shrikant Goenka, President, Irrigation Association of India (IAI) presented YOY achievement and the status of PMKSY in the country. He also suggested an alternate model for routing of funds .

2) Webinar on 31st August, 2020 on Adoption of new technology to enhance the MI Coverage under the Chairmanship of Mrs. Alka Bhargava, AS-RFS, GOI.

There were 13 participants in total, Govt side was represented by Mrs. Alka Bhargava -AS, Mr. Amitabh Gautam - JS, Mr. B V N Rao-Commissioner, Mr. Pankaj Tyagi - Director-RFS, Mr. Dharmendra Gupta and IAI team. IAI delegation was lead by Sh. Shrikant Goenka-President IAI. IAI Past President Mr. Randhir Chauhan made a presentation on the various technology available for adoption to enhance the MI Coverage in India.

Few Glimpes from IAI Activities

3) Webinar on Coverage of Micro Irrigation for Enhancing Water Use Efficiency in Indian Agriculture: 9th September, 2020 at 1 P.M, Krishi Bhawan, New Delhi under the chairmanship of Sh. Narendra Singh Tomar-Minister of Agriculture, GOI.

There were 114 participants in total, Govt side was represented by MOA Shri Narendra Tomar, MOS Shri Purshottam Rupala , Mrs. Alka Bhargava -AS, Mr. Amitabh Gautam - JS, Mr. B V N Rao-Commissioner, Mr. Pankaj Tyagi - Director-RFS, Mr. Dharmendra Gupta and IAI team lead by President Shri Shrikant Goenka, along with Past Presidents IAI, VP's IAI and DG IAI. Shri Narendra Singh Tomar, MOA highlighted that Agriculture is a important sector & its GOI responsibility to reduce the cost and increase the farmers income. Shri Purshottam Rupala, MOS focused on creating more awareness of MI to increase the coverage. He also pointed out to increase the MI coverage limit of 5 acre per farmer in MI policy to increase the land base coverage thru MI. IAI Delegation was led by President Shri Shrikant Goenka who gave a detailed presentation on enhancing the water use efficiency in Indian Agriculture.

Irrigation Association of India

"Irrigation Association of India" was formed in 1998. It is the Association of all drip, Sprinkler and other Pressurized Irrigation System Manufacturers in India. The Irrigation Association of India is registered under Societies Act and also as a Public Trust. Its registered office is at Pune. IAI is attached to CII & FICCI. IAI has at present 100 above members on all India basis.

IAI has a strong presence in following states like: Karnataka, Maharashtra, Madhya Pradesh, Tamilnadu, Gujarat, Andhra Pradesh, Rajasthan, Uttar Pradesh, Odisha, Chhattisgarh, North Region, East Region, West Bengal.

MAIN OBJECTIVES OF THE ASSOCIATION:

The Association is voluntary, non-profit organization formed to promote, development, proper use and acceptance of irrigation equipment for all possible application,

- To promote water and soil conservation and more economical crop production through the use of irrigation, to conserve energy through efficient design and operation of irrigation systems.
- To enhance the environment by expanding efficient use of irrigation for landscape maintenance, dust and erosion control;
- To collect and disseminate information regarding irrigation and value to members of the association and to allied industries and to the public.
- To acquaint public and private agencies, institutions and organizations with development in the industry and the part of industry occupies in the economy and development of the nation.
 - To conduct educational programs regarding the industry and extend scholarships.
- To promote research, development and extension work, to recognize outstanding contribution and promotion of modern irrigation system and carry out such other law full trade association activities as the general object may direct.
- To promote and develop ethical practices and standards amongst the irrigation industries in India.

IAI has always played proactive role by giving constructive suggestions for policy change at the Local, State and National levels. IAI has played very important role in development of industry . IAI is participating in Local, State and National Level Exhibitions .IAI has been taking lot of initiative for the promotion of drip industry in the country. IAI is also a member of FAD-17 Committee of BIS which formulates BIS specification for MIS components along with this , IAI is also a member of "State Micro Irrigation Committee"of NCPAH.

MEMBERSHIP BENEFITS & OPPORTUNITIES

- Regular co-ordination with Central Government and various State Government and NCPAH in formulating policies as regards subsidy procedure of disbursement , allocation of funds, registration criteria and procedures etc.
 - Evolving code of conduct and ensuring adherence of the same by the members.
- Informing members of various developments in Drip and Sprinkler Irrigation by the way of bulletin. Printing of Micro Irrigation Industry directory
 - Collecting and creating data bank.
 - Library of magazines and books on irrigation.
 - Formulating standards/specifications.
 - Organize education/training/conference/programmers/exhibitions on irrigation.
 - Conduct Research/Technology development/Transfer of technology.
- Members get advantage to grow their business through IAI's Seminars/programmers/exhibitions on Micro irrigation.
- Priority in booking & Discount in participation fees in exhibitions on Micro irrigation.
- Interaction with other members through monthly meetings of the Committees experience sharing sessions . Networking opportunities amongst members.

SPRINKLERS PVT. LTD.
FOR YOUR CROP, WE CARE

Challenging Solutions to Cultivate Agriculture

Developed by Industry experts with customers co-operation, our Masterbatches for Agriculture provide high performance, cost effective formulations to benefit the farmers to increase their productivity with earlier harvests, increased yields, improved quality, less reliance on herbicides and pesticides, frost protection, water conservation and energy expenses.

Providing solutions for Agricultural applications through :

- ◆ Drip Irrigation Pipes and Laterals
- ◆ HDPE Water Pipes
- ◆ Mulch Films
- ◆ Greenhouse Films
- ◆ Geo Membranes and Geo Textiles

Apart from BLACK Masterbatches, our wide range also includes unique formulated products for very specific functional needs :

- ◆ Light stabilizer & U.V Absorbers Masterbatch
- ◆ Anti-Microbial Masterbatch
- ◆ Anti-Fog Masterbatch
- ◆ Anti-Block Masterbatch
- ◆ Anti-Oxidant Masterbatch
- ◆ Polymer Processing Aids (PPA) Masterbatch

Minimising Efforts. Maximising Profits.

EMERGING AS LEADER. GLOBALLY.

BLEND COLOURS

Powered by Innovation

BLACK MASTERBATCHES

CHECK MATE

Leader in manufacturing qualitative and quantitative Black Masterbatches with innovative formulations that provides unique capabilities and exceptional dispersion and jetness to any application.

applications areas << - - - - -

- Agriculture ■ Automotive ■ Infrastructure
- Packaging ■ Electronics ■ Textiles ■ Toys
- Nonwovens ■ Wire & cable ■ Construction ■ etc.,

With network across 45 countries and installed capacity of 30000 MTPA, we are emerging as a leader GLOBALLY.

Our product are certified for << - - - -

- ◆ US FDA 21 CFR Regulation 177.1520
- ◆ RoHS Directive 2011/65/EU
- ◆ EN-71-3 ◆ EU Regulation AP (89)1

Product Detail : Drip & Sprinkler

Irrigation Systems, HDPE &

Efficiently removes impurities such as hard inorganic particulates like scale, Trash, sand, silt and other contaminants like algae and helps increase efficiency of valves operation and results in overall significant increase in system efficiency leading to excellent system performance

Application

Used for water filtration of drip irrigation system for farms, gardens, landscapes or where fine filtration is needed.

Features

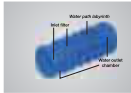

- Manufactured from re-inforced engineering plastic to provide longer life in the field.
- Anti corrosive & chemical resistant body.
- Single piece molded cartridge for longer life & stability.
- Designed to withstand wide fluctuations in pressures.
- Various mesh size available (80, 20, 150 microne).
